The Honorable David Heitmeier, Chairman  
Senate Health and Welfare Committee  
Louisiana State Senate  
P.O. Box 94183, Capitol Station  
Baton Rouge, LA 70804-9183

Dear Honorable Chairs:

The Division of Administration, Louisiana State University Health Care Services, and the Department of Health and Hospitals (DHH) reviewed HCR 139 and greatly appreciate your commitment to ensuring critical information is shared regarding the public-private partnerships. We've made significant changes over the past year from an antiquated model of the government-run public hospital system to a system that embraces the ingenuity and efficiency of experienced community partners. The new model of public-private partnerships sustains access to safety-net care while supporting and improving graduate medical education in Louisiana. Though the timeline for the Partnerships was greatly accelerated by the FY 13 FMAP reduction and its corresponding impact to LSU's budget for the hospitals, the State has been able to rapidly transition to the new model and is already seeing positive results.

Enclosed within this response are several documents that address the concerns outlined in HCR 139, including the LSU Health Cooperative Endeavor Agreements Comparison of State Support chart provided by the Division of Administration. This chart clearly outlines the State Fiscal Year 2013 (FY 13) and State Fiscal Year 2014 (FY 14) costs for each partnership hospital. Given the difference in costs for operating these facilities and the FY 14 lease amounts, the net gain to the state is approximately \$146.8 million. According to an analysis by the Legislative Auditor, the hospital partnerships will reduce the State's Unfunded Accrued Liability (UAL) by \$300 million and will reduce the annual costs of the retirement system to government agencies by \$82 million.

As part of the partnership agreements, the State curtails its responsibility for capital construction and maintenance costs of the facilities. This results in substantial savings to the State, which has invested more than \$315 million in recent years, including \$92 million in maintenance/upgrades for all LSU hospitals and a \$225 million investment in State support for the new academic medical center in New Orleans.

Also, enclosed with the response to HCR 139 is the LSU Health Public-Private Partnership Report Card provided by LSU Health Care Services. This report tracks facility statistics with a comparison to pre-partnership figures, the percent patient mix by service, and information regarding offender care.

The first Partnership between LSU and Our Lady of the Lake Hospital is not even a year into operation, but its clinics have cared for more than 86,000 patients. The new around-the-clock urgent care center in North Baton Rouge has treated more than 18,775 patients since it opened and the system's Mid City Pharmacy has filled more than 54,000 prescriptions. The Lake recently opened its LSU Medical Education and Innovation Center, which is a state-of-the-art facility that expands the footprint of academic medicine for Baton Rouge, making the community a destination for physician training, medical care, and research. Per the State's agreement with the hospital, OLOL is on track to become a Level I Trauma Center.

Only some OBGYN services are available at OLOL, the full range of OBGYN, however, are available at Woman's Hospital in Baton Rouge through a contract designed to ensure full OBGYN care for uninsured women. This partnership also provides an invaluable opportunity for graduate medical education for women's health care services.

In Lafayette, private partner Lafayette General Health has reopened clinic and hospital capacity that had previously been shuttered or scaled back by budget cuts, including its reopening of a pediatric clinic and returning its orthopedics unit to full-time status. The hospital has also hired a full-time oncologist and plans to become the region's first Level II Trauma Center. Since the June 24, 2013 start of the new partnership, the hospital and affiliated clinics have served more than 42,000 patients.

In New Orleans, Louisiana Children's Medical Center took over the operations of the Interim LSU hospital. Since completing the partnership, the hospital has increased the emergency department capacity and reopened 75 medical/surgical inpatient beds and nine inpatient psychiatric beds.

Under its partnership with Lake Charles Memorial Health System, W.O. Moss in Lake Charles has established a new urgent care clinic, which means that more patients are able to see a physician outside of expensive and ineffective emergency room settings. The partnership in Lake Charles has also led to the introduction of several new specialty care clinics, including an orthopedic clinic and a breast health clinic. Patients who were previously referred out of town for these critical services can now receive them in their home community.

In Houma, the partnership between Terrebonne General Medical Center and Ochsner has resulted in improvements to patient care with the hiring of new physicians, including a new cardiologist, urologist, and family health physician. Two new mammogram units have been installed at the hospital.

In North Louisiana, the Biomedical Research Foundation is the private partner now operating the hospitals in Shreveport and Monroe – University Health Medical Center Shreveport and University Health Medical Center Conway. Patients in Shreveport are already seeing reduced wait times for emergency room services. In both Shreveport and Monroe, patients have reduced wait times for CT and MRI scans. Additionally, at UH Conway in Monroe, the hospitals now offers the new services of orthopedic surgery, cardiology, and urology.

LSU Health Care Services also provided the Hospital Partner Hiring for Transition report enclosed with this letter. Across eight of the public-private partnerships included in the breakdown, 7,532 employees were laid off from the

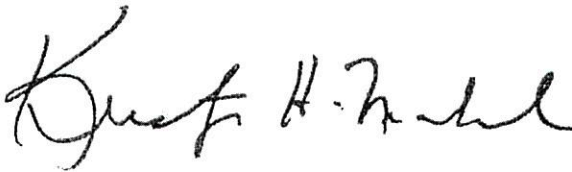

LSU hospitals during the transition, while a total of 7,510 individuals have either been hired by or offered a job by the new private partner.

The Department of Health and Hospitals has enclosed the latest Louisiana Medicaid Program Public-Private Partnership DHH Payment accounting report for the current state fiscal year. As of Jan. 27, 2014, DHH paid out \$797.4 million in public, private, uncompensated care, and Title XIX payments to the nine public-private partnerships in operation at the time of the report. Uncompensated care, also called Disproportionate Share Hospital (DSH) payments, are paid at 85 percent after the close of the first quarter and reconciled at the end of the fiscal year. Those payments are adjusted at that time to account for actual claims, as is standard for all hospitals that receive these payments. More than \$313 million remains in the budget for the public-private partnership hospital payments in the current fiscal year.

We thank you for your attention to this issue. The public-private partnerships have been a great success to date, and are spawning a new era of quality health care service for Louisianians. We welcome the chance to meet with you to discuss strategies to accomplish our shared goals and the future of the public-private partnerships.

Sincerely,

Kristy Nichols  
Commissioner  
Division of Administration

Kathy H. Kliebert  
Secretary  
Department of Health and Hospitals

### LSU Hospital Cooperative Endeavor Agreements Comparison of State Support

Hospital	SFY13	SFY14	Difference SFY13 to SFY14	FY14 Lease Amounts	Net State Gain
Bogalusa (Wash/St. Tammm)	\$17.5	\$12.4	\$5.1	\$3.3	\$8.4
Houma (Chabert)	\$28.4	\$24.9	\$3.5	\$17.6	\$21.1
Baton Rouge (EKL)	\$39.3	\$50.2	(\$10.9)	\$3.8	(\$7.1)
New Orleans (ILH / UMC/MC)	\$103.6	\$111.5	(\$7.9)	\$67.6	\$59.7
Lafayette (Univ Med Ctr)	\$31.0	\$40.2	(\$9.2)	\$15.8	\$6.6
Lake Charles (WO Moss)	\$17.5	\$18.0	(\$0.6)	\$2.5	\$1.9
Monroe (EA Conway)	\$22.1	\$18.2	\$3.9	\$2.7	\$6.6
Alexandria (HPL)	\$20.0	\$19.5	\$0.5	\$0.0	\$0.5
Shreveport (LSU-HSC)	\$93.7	\$86.7	\$7.0	\$42.0	\$49.0
<b>Total</b>	<b>\$373.0</b>	<b>\$381.5</b>	<b>(\$8.5)</b>	<b>\$155.3</b>	<b>\$146.8</b>

#### NOTES:

- Prisoner Care is not included. The Department of Corrections is budgeted \$50m for prisoner care for FY14.
- UPL of \$7.6m for FY13 (south hospitals) and \$19.6m for FY14 (all hospitals) are not included because they are federal funds
- The \$17.6m payment from Chabert is an IGT and not a lease agreement
- The New Orleans FY14 lease amount includes the Year 2 ILH lease per agreement with the partner
- The Shreveport FY14 lease amount includes a full year's lease payment per agreement with the partner
- Bogalusa's FY13 lease payment of \$5.2m will be received in FY14

February 7, 2014

LSU Health BR - Baton Rouge, Louisiana		Impact	Date completed
Operations Milestones	Transition completed	OP clinics remained open with no loss of service to the public. 350 jobs saved.	Apr-13
	Instituted free HIV testing through Office of Public Health to Urgent Care patients	Immediate notification of HIV status to patients who might otherwise not be tested	Apr-13
	Moved into new Urgent Care location from temporary space	Additional exam rooms and procedure room available for urgent patient care	Aug-13
	Patient records copied and scanned into new medical record	Ability for physicians and healthcare staff to access previous Earl K Long Hospital records for continuum of care	Oct-13
	Hired 3 Nurse Practitioners for Family Practice	Increase patient access	Dec-13
	MidCity Retail pharmacy able to accept third party insurance and Medicaid.	Additional access for patients to medications.	Dec-13
	LSU Health BR clinics are TJC accredited	Recognized for meeting national guidelines of providing safe and effective care at highest standards	Dec-13
	VHC re-initiated Family Practice clinic at Perkins Surgery Center	Increase access to community resources for Family Practice physicians	Dec-13
	Increased new patient appointments by 292 appointments per month	Will decrease the time that new patients wait to obtain an appointment	Jan-14
	Hired physician for Family Practice - start date to be determined	Increase patient access	Jan-14
	Urgent Care provided 24hr uninterrupted service through major weather events.	Continued patient access when other outpatient care options were not available.	Jan-14
	Hired Nurse Practitioner for Family Practice Clinic - start date Feb, 2014	Increase patient access	Feb-14
	Two analog mammography units replaced with digital mammography	Increased accuracy for mammography, quality increased to meet the standard of care in the area	Jun-13
	\$996,000	Improved ease of use for pharmacy staff, increased accuracy	Sep-13
Medical equipment Investments	Implemented bar-code scanning for Midcity retail pharmacy	Improved ease of use, additional functionality for documentation accuracy	Sep-13
	Replaced all Pyxis machines with CareFusion Pyxis ES automation	Able to complete service instrumentation needs and meet surgical instrumentation sterilization guidelines	Sep-13
	Purchased surgical instruments for ophthalmology	Able to complete service instrumentation needs and meet surgical instrumentation sterilization guidelines	Sep-13
	Purchased surgical instruments for otolaryngology (ENT)	Able to complete service instrumentation needs and meet surgical instrumentation sterilization guidelines	Oct-13
	Purchased surgical instruments for oral surgery	Able to complete service instrumentation needs and meet surgical instrumentation sterilization guidelines	Jan-14
	Replaced network infrastructure - all LSU HBR locations	Integrated connectivity with Our Lady of the Lake Hospital	Jul-13
	\$2,351,596	Improved physician and staff access to patient care information	Dec-13
	Replaced all computers - all LSU HBR locations	Integrated the system with Our Lady of the Lake Hospital telephone network and increased functionality	Jan-14
	Replaced telephone system - all LSU HBR locations		
\$3,347,596	Total capital investment to date	note: additional infrastructure investment to occur in 2014 to support new Electronic Medical Record

LSU Health Public-Private Partnership Report Card  
February 7, 2014

Leonard J. Chabert - Houma, Louisiana		Impact	Date completed
Operations Milestones	Accomplishment	Impact	Date completed
	Transition completed	All Patient care services remained open with no loss of service to the public. 700+ jobs saved.	Jun-13
	Moved into new Outpatient Rehab service location	Improved access for patients	Oct-13
	Hired 4 New Physicians (Cardiology, Urology, and 2 Primary Care)	Increase patient access and offered new services	Oct-13
	Expanded Urology Service	Urology Clinic Visit increased 37%; Urology Surgical Procedures increased 82%	Dec-13
	LJCMC Hospital and clinics are TJC accredited	Recognized for meeting national guidelines of providing safe and effective care at highest standards	Oct-13
	Increased patient clinic visits	Increased total clinic visits year over year - July thru Dec from 47,000 to 55,000 (16%)	Dec-13
	Instituted same day/walk-in mammography screening	Increased Mammography screening year over year July thru Dec from 2,982 to 3,561 (7%)	Dec-13
	Stabilized the work force	Employee turnover = 8% since the transition.	Dec-13
	Driving Quality Improvement	CAUTI improved 25%; CLABSI improved by 50%; VAP rate improved by 30%; SSI rate improved 45%	Dec-13
	Diabetes Care Management	Decreased patient wait time in admit screening from 58 minutes to 5 minutes	Dec-13
	Relocated Oncology	Improved patient comfort and accessibility by providing all services in a centralized location	Dec-13
	Colonoscopy screening	Increased procedures year over year July thru Dec from 581 to 1,020 (76%) to improve preventative care in the community	Dec-13
	Named Top Performer on Key Quality Measures by TJC for 2012	Heart Attack, Heart Failure, Pneumonia, Surgical Care	Dec-13
	Two analog mammography units replaced with digital Mammography	Increased accuracy for mammography & Improved quality (\$300K) to replace antiquated equipment to improve diagnostic testing (\$22K)	Dec-13
	Replaced Lab Cryostat		Dec-13
	Purchased new ECHO Cardiography Reading Station	To improve report turn around time in reading test results (\$14K)	Dec-13
	Installation and renovation of 3 new Radiology rooms	To replace antiquated equipment to improve diagnostic testing (\$1M)	Dec-13
	OR Ophthalmology microscope	To replace antiquated equipment and improve patient care (\$200K)	Dec-13
	Urology equipment	Purchased equipment for urology (\$350K)	Dec-13
	Miscellaneous Routine Capital		
<b>Total</b>	<b>\$2,974,000</b>		
<b>Technology Investments</b>			
	Upgraded network infrastructure	Improved performance and structure for incoming EHR	Jul-13
	Implementing EHR (Go-live 6/29/2014)	Improved access to patient data, meaningful use compliant, and ICD-10 compliant	Jun-14
<b>Total</b>	<b>\$4,200,000</b>

February 7, 2014

Interim LSU Hospital - New Orleans, Louisiana Operations Milestones	Impact	Date completed
Transition completed		6/24/13
Converted to automated/barcoded Time and Attendance System	Improved time and attendance capture	6/24/13
Contracted for Medicaid Application Assistance	Increased patient and offender Medicaid applications	6/24/13
Opened 9 additional Behavioral Health Beds - DePaul Campus	Increase behavioral health patient access	10/7/13
Opened 10 ED beds to flex during heavy workload periods		
Opened an additional 3 ED beds in the main ED	Increase ED capacity and patient throughput; decrease ED wait times;	11/11/13
Implemented physician triage in the ED during heavy workload periods		
Opened 10 Additional Acute Care Staffed Beds - 6 West	Increase patient access	12/2/13
Converted EKG Carts in the ambulatory setting to Wireless	Decrease TAT of EKG readings and reports	Dec-14
Opened 4 Additional Acute Care Staffed Beds - 6 West	Increase patient access	2/3/14
Instituted wireless, personnel panic buttons in high risk areas (ED, Radiology, DTD)	To improve staff safety	Feb-14
Implementation of Clin Trac Software in HIM	Reduce billing delays and unbilled claims, improves accuracy of aggregated data, enables compliance with coding regulations	Feb-14

LSU Health Public-Private Partnership Report Card  
February 7, 2014

<p><b>Moss Memorial Health Clinic - Lake Charles, Louisiana</b> Specialty Clinics</p>	<p>Opened a walk-in, no appointment necessary, Urgent Care Clinic in lieu of ER. Reestablished Surgery Clinic in July 2013; 208 surgeries have been performed; Added another provider to the Surgery Clinic in October 2013. Started a Breast Health Clinic in July 2013; 16 surgeries have been performed. Reestablished GYN surgeries in July 2013 and added four new providers in August; 38 surgeries have been performed. Started a Cardiology Clinic in August 2013; 118 patients have been seen &amp; 39 procedures performed. Started a Pulmonary Clinic in August 2013; 77 patients have been seen. Started a GI Clinic in September 2013; 191 new patients have been seen; Added a new provider in March 2014. Started an Orthopedic Clinic in September; 100 patients have been seen &amp; 62 surgeries have been performed. Started a Pacemaker Clinic in October 2013; 25 patient devices have been checked. Started an ENT Clinic in January 2014; 20 patients have been seen &amp; 10 procedures performed. Started a Pedi Clinic in December 2013; 76 patients have been seen &amp; 10 procedures performed Opening another Primary Care Clinic in March 2014.</p>
<p><b>Inpatients</b></p>	<p>Moss physicians are admitting and rounding on patients at the Memorial campus. In 2012 their average inpatient census at Moss was 9.90. In 2013 they averaged 5.73. Since July their average census has been 28-30 patients per day at Memorial.</p>
<p><b>Waiting List Backlog</b></p>	<p>194 of 194 MRI patients have been scanned. Original backlog number presented was 581 after review by Medical Director it was determined 374 did not require an MRI, no backlog. 35 of 35 Pulmonology patients have been seen, no backlog. 1072 of 1384 GI patients have been scoped, 77% complete.</p>

LSU Health Public-Private Partnership Report Card  
February 7, 2014

<p><b>Moss Memorial Health Clinic - Lake Charles, Louisiana</b> Emergency Department</p>	<p>In 2012 the Moss ER avg. volume/day was 67. Post-transition Urgent Care volume/day is 49. 2012 Memorial ER avg. volume/day was 97. 2013 Memorial ER avg. volume/day was 131/day. 2014 Memorial YTD ER avg. volume is 135/day</p>
<p><b>Established Local Services Previously Referred Out of Town</b></p>	<p>Electromyography (EMG), Sleep Studies &amp; Nuclear Stress Tests Multigated Acquisition Scans (MUGA scan), Hepatobiliary Iminodiacetic Acid Scans (HIDA scan), Bone scans, Outpatient Therapy Rehabilitation, Kidney Biopsies, Outpatient Dialysis Cataract surgeries &amp; other procedures through a partnership with The Eye Clinic. Working on establishing Hepatology</p>
<p><b>Other Progress and Positives</b></p>	<p>Implementing Memorial's Employee Service Excellence program. Reducing "wait time" to see a provider the same day. Attempting to reduce the "no show" rate by implementing daily appointment reminder phone calls. Transitioning from the Siemens' computer system to Paragon, increasing bandwidth and permanent data lines, merging medical records systems &amp; establishing appropriate phone lines. At Moss Regional a patient qualified as "free care" or "self-pay". A "self-pay" was required to pay the entire bill since they did not meet the "free care" criteria. Memorial established their "Sliding Fee Scale" using the same Moss financial qualifications but allowing "self-pay" patients to receive Memorial's Sliding Scale discount if they qualify. A brochure outlining service available at the Moss Memorial Health Clinic was mailed to churches in the 5 parish area and 20,000 Moss patients at their place of residence. Reestablished Cafeteria Services, September 3, 2013. Cafeteria services for the first time are available to the public, outpatients and visitors. 234 of 272 employees laid off by W.O. Moss Regional were employed by Lake Charles Memorial Health System at W.O. Moss Memorial Health Clinic; Post-transition 14 new employees have been hired, 3 Moss Memorial employees have transferred to LCMH and 8 LCMH employees have transferred to Moss Memorial. Implemented scanning of Medical Records in November 2013. Decreased Patient wait time for registration from an average of 25 minutes pre-transition to 10-15 minutes post transition.</p>

Measure	Definition
Total Adult/Pediatric Discharges	Hospital-wide inpatient discharges including swing beds and NICU. Exclude internal transfers, inpatient psychiatric discharges and normal newborns.
*Total Psychiatric Discharges	Psychiatric inpatient discharges from in-house and offsite psychiatric beds licensed to the facility.
Total Discharges	Total number of adult/pediatric and psychiatric discharges.
Total observation days	Total observation hours divided by 24. Observations are the number of patient census hours in observation. The historical observation reporting did not take into account patient status at discharge. The reporting occurs prior to final utilization review and charges and therefore may include patients that ultimately have a discharge status of inpatient.
ALOS - Adult/Pediatric	The average number of days that inpatients remained in the hospital. The sum of adult/pediatric discharge days divided by the total adult/pediatric discharges. Excludes normal newborns.
ALOS - Psychiatric	The average number of days that psychiatric inpatients remained in the hospital. The sum of psychiatric discharge days divided by the sum of psychiatric discharges.
Total IP Discharge Days - Adult/Pediatric	Hospital-wide inpatient discharges including swing beds and NICU. Exclude internal transfers, inpatient psychiatric and normal newborn days.
Total IP Discharge Days - Psychiatric	Total inpatient discharge psychiatric days.
Average Daily Census-Adult and Pedit	Total adult/pediatric inpatient days divided by the number of days in the period.
Average Daily Census - Psych	Total psychiatric inpatient days divided by the number of days in the period.
<sup>3</sup> Outpatient Encounters	All Clinic, Recurring, Observation and Outpatient Encounters. • Includes lab, flu shots, patient education, radiographic procedure, ancillary, and prisoner telemedicine services • Also includes all E&M coded visits
<sup>3</sup> Outpatient Clinic Visits with E&M codes	Represents distinct clinic visits with an evaluation and management code. Represents just those services for which a physician can bill. Includes telemedicine visits.
*ED Visits	Total number of visits to the emergency department. Emergency outpatients can be admitted to the inpatient areas of the hospital, but they are still counted as emergency visits and subsequently as inpatient discharge. Exclude LWBS.
<sup>1</sup> Total # Inpatient Discharges	Total number of adult/pediatric and psychiatric discharges for offenders.
% of IP Days	The percentage of inpatient days from offender payor sources (i.e., parish, state, federal) to total inpatient days.
Total # OP Encounters	The total number of offender OP encounters.
% of OP Encounters	The percentage of offender patient encounters to hospital-wide encounters.
ED Encounters	Distinct ED discharges. Excludes LWBS.
% of ED Visits	The percentage of emergency visits from offender payor sources to total emergency visits.
<sup>2</sup> # Telemed visits	The total number of offender patient visits for telemedicine services.
% of Telemed visits	The percentage of offender patient telemedicine visits to offender OP clinic visits.
<sup>5</sup> # HIV Clinic visits	Distinct HIV clinic visits with an evaluation and management code (CPT codes 99201-99499) visits per month. This is a subset of Outpatient Clinic Visits with E&M codes. Includes telemedicine visits.
# Oncology Infusion visits	Total count of distinct oncology infusion visits per day. Oncology infusions are the number of visits per day. If a patient received 2 chemo therapies in the same day, it is counted as one. If they came to the hospital 3 times in a month and received a chemo each time then that counts for 3.
# Urgent Care visits (LSU Health BR & WOM only)	Total count of distinct urgent care visits.
# Mental Health HIV visits (WOM only)	Distinct mental health HIV visits
Total # prescriptions filled	The number of prescriptions dispensed on monthly basis.
# Patient Assistance Prescriptions filled	The number of ADAP prescriptions dispensed to patient that the facility received through a Pharmaceutical Patient Assistance program.
# HIV prescriptions filled	The number of ADAP prescriptions filled including opportunistic meds. (Excluding offender HIV if applicable)
# Offender prescriptions	The number of prescriptions dispensed for the LA Department of Corrections.
# Other prescriptions	All other prescriptions dispensed. (Medicaid, Medicare Part D, self pay, etc.)
Are prescriptions available same day (Y/N)	Can a patient drop off and pick up a prescription on the same day?
Avg wait time on prescription in minutes	The number of minutes that a prescription is ready from drop off to patient pick up.

\*Indicates core services

<sup>1</sup>Offender admits were used in place of discharges for baseline

<sup>2</sup>Offender telemed services were conducted under ILH from 8/1/12 to 6/21/13, then later conducted under LAK beginning 8/19/13

<sup>3</sup>Observations- historical reporting did not take into account patient status at discharge. Reporting occurs prior to final utilization review and charges and therefore includes patients that ultimately have a discharge status of inpatient.

<sup>4</sup>HIV Prescriptions filled - LA ADAP was discontinued June 1, 2013. The STD/HIV program is currently working on a new program model/contract that will result in the partnership hospitals processing HIV prescriptions once again.

<sup>5</sup>LJC only-HIV clinic visits based on clinic visits with an HIV principle diagnosis code

February 7, 2014

Measure	Definition
<b>% Patient Mix Inpatient (IP)</b>	
IP Free Care	The percentage of inpatient days from free care payor sources to total inpatient days.
IP Self Pay	The percentage of inpatient days from self pay payor sources to total inpatient days. Self pay includes patients who pay out of pocket in the absence of insurance to cover the medical services.
IP Commercial	The percentage of inpatient days from commercial payor sources to total inpatient days. Commercial includes all payor sources except free care, self pay, Medicaid, medicare, and offender.
IP Commercial Medicaid (Bayou Health)	The percentage of inpatient days from Medicaid CCN payor sources (includes Medicaid Prepaid and Medicaid Shared) to total inpatient days.
IP Medicaid	The percentage of inpatient days from Medicaid fee for service payor source (non CCN). Medicaid includes payments from Greater New Orleans Community Health Connection (GNOCHC) and Medicaid Assistance Program (MAP).
IP Medicare	The percentage of inpatient days from Medicare payor sources to total inpatient days. Medicare includes payments from Medicare Parts A and B.
<b>% Patient Mix Psychiatry (Psych)</b>	
Psych Free Care	The percentage of inpatient psych days from free care payor sources to total inpatient psychiatric days.
Psych Self Pay	The percentage of inpatient psych days from self pay payor sources to total inpatient psychiatric days. Self pay includes patients who pay out of pocket in the absence of insurance to cover the medical services.
Psych Commercial	The percentage of inpatient psych days from commercial payor sources to total inpatient psychiatric days. Commercial includes all payor sources except free care, self pay, Medicaid, medicare, and offender.
Psych Commercial Medicaid (Megellan)	The percentage of inpatient psych days from Medicaid CCN payor sources (includes Medicaid Prepaid and Medicaid Shared) to total inpatient psychiatric days.
Psych Medicaid	The percentage of inpatient psych days from Medicaid fee for service payor source (non CCN). Medicaid includes payments from Greater New Orleans Community Health Connection (GNOCHC) and Medicaid Assistance Program (MAP).
Psych Medicare	The percentage of inpatient psych days from Medicare payor sources to total inpatient psychiatric days. Medicare includes payments from Medicare Parts A and B.
<b>% Patient Mix Outpatient (OP)</b>	
OP Free Care	The percentage of outpatient visits from free care payor sources to total outpatient visits.
OP Self Pay	The percentage of outpatient visits from self pay payor sources to total outpatient visits. Self pay includes patients who pay out of pocket in the absence of insurance to cover the medical services.
OP Commercial	The percentage of outpatient visits from commercial payor sources to total outpatient visits. Commercial includes all payor sources except free care, self pay, Medicaid, medicare, and offender.
OP Commercial Medicaid (Bayou Health)	The percentage of outpatient visits from Medicaid CCN payor sources (includes Medicaid Prepaid and Medicaid Shared) to total outpatient visits.
OP Medicaid	The percentage of outpatient visits from Medicaid fee for service payor source (non CCN). Medicaid includes payments from Greater New Orleans Community Health Connection (GNOCHC) and Medicaid Assistance Program (MAP).
OP Medicare	The percentage of outpatient visits from Medicare payor sources to total outpatient visits. Medicare includes payments from Medicare Parts A and B.
<b>% Patient Mix Emergency Dept. (ED)</b>	
ED Free Care	The percentage of emergency visits from free care payor sources to total emergency visits.
ED Self Pay	The percentage of emergency visits from self pay payor sources to total emergency visits. Self pay includes patients who pay out of pocket in the absence of insurance to cover the medical services.
ED Commercial	The percentage of emergency visits from commercial payor sources to total emergency visits. Commercial includes all payor sources except free care, self pay, Medicaid, medicare, and offender.
ED Commercial Medicaid (Bayou Health)	The percentage of emergency visits from Medicaid CCN payor sources (includes Medicaid Prepaid and Medicaid Shared) to total emergency visits.
ED Medicaid	The percentage of emergency visits from Medicaid fee for service payor source (non CCN) to total emergency visits. Medicaid includes payments from Greater New Orleans Community Health Connection (GNOCHC) and Medicaid Assistance Program (MAP).
ED Medicare	The percentage of emergency visits from Medicare payor sources to total emergency visits. Medicare includes payments from Medicare Parts A and B.

## HOSPITAL PARTNER HIRING FOR TRANSITION

### Children's Medical Center – Interim LSU Public Hospital (New Orleans)

- 1,574 employees laid off 6/24/13 (includes full-time and part-time employees). *1,037 Classified.*
- 413 retired from state service (may have also accepted offer)
- 9 transferred to other state agency
- 1,930 employees accepted employment offers from Children's (187 declined offers)
- 1,941 total employees hired

### Lafayette General Medical Center - University Medical Center (Lafayette)

- 566 employees laid off 6/24/13 (includes full-time and part-time employees). *315 Classified.*
- 153 retired from state service (may have also accepted offer)
- 5 transferred to other state agency
- 512 offers made by Lafayette General and 494 were accepted
- 609 total employees hired

### Lake Charles Memorial - WO Moss (Lake Charles)

- 272 employees laid off 6/24/13 (includes full-time and part-time employees). *155 Classified.*
- 56 retired from state service (may have also accepted offer)
- 5 transferred to other state agency
- 234 accepted offers from Lake Charles Memorial (241 offers made)
- 252 total employees hired/transferred from Lake Charles Memorial\*

### Terrebonne/Ochsner – Chabert (Houma)

- 621 employees laid off 6/24/13 (includes full-time and part-time employees). *378 Classified.*
- 169 retired from state service (may have also accepted offer)
- 4 transferred to other state agency
- 734 accepted offers from Ochsner (764 offers made)
- 741 total employees hired

### OLOL – Baton Rouge

- 693 laid off April 15, 2013 (including full-time and part-time employees). 322 *Classified*.
- 58 retired from state service (may have also accepted offers)
- 11 transferred to other state agency
- 338 accepted offers from OLOL
- 467 total employees hired\*

### OLOA – Bogalusa

- 544 subject to layoff effective 3/17/14 (full-time and part-time employees) 334 *Classified*
- 50 retiring from state services (49 accepted offers from OLOA)
- 555 employees (both state and contracted employees) offered positions. Acceptance total pending

### Biomedical Research Foundation – Shreveport (University Health Shreveport)

- 2,611 laid off October 1, 2014 (full-time and part-time employees) 2,048 *Classified*
- 540 retired from state service (may have also accepted offers)
- 1 transferred to another state agency
- 2,000 accepted offer from University Health Shreveport/BRF
- 150 accepted offers from Conifer
- 163 accepted offers from Sodexo
- 2,345 total employees hired by University Health Shreveport/BRF

### Biomedical Research Foundation – Monroe (University Health Monroe)

- 651 laid off October 1, 2014 (full-time and part-time employees) 510 *classified*
- 155 retired from state service (may have also accepted offers)
- 465 accepted offer from University Health Monroe (BRF)
- 43 accepted offers from Conifer
- 40 accepted offers from Sodexo
- 600 total employees hired by University Health Monroe

Note:

\*Fewer employees were needed after the transition due closure of a facility (Moss/EKL); duplication of services already performed by existing partner staff; elimination of management levels and/or staff to patient ratio efficiencies.
